Medical schools, too, embrace
this development with curricular
reforms aimed at teaching
prospective physicians about
alternative forms of healing. With
attention turning toward a range
of mind-body and holistic
treatments, health care in the
United States seems more full of
variety than has been the case
since the establishment of modern
medical authority in the early
1900s. Fri, 20 Nov 2020 14:25:00
