The Power of PDFs - Workflow - Power PDF does work well from my experience converting PDF documents to text and allowing the creation of PDF files compatible with other Adobe PDF viewer as well other programs. I am not sure the OCR is as accurate as the Abbey product but it is still pretty good and only requires minor tidying up. Power PDF Standard (PC): Amazon.co.uk: Software - Launch the program and click on the "Open File" button on the "Home" tab. Search for the PDF file you wish to convert, and select it. Step 2. Activate the PDF to PPT Process. After the PDF

file is opened, go to the "Convert" tab and click on the "To PPT" button. A pop-up window will appear to set up the conversion.
